WINES

MARGARET RIVER WINE REGION

Surrounded by ocean on three sides, the pristine and geographically isolated environment ensures that every wine is special but not one is the same. Sustainability and innovation is a core focus for many of the region's wineries. Showcase the amazing location of your wedding venue by pairing with some of our top local wineries.

EDWARDS

MARGARET RIVER

In 1990, vineyard founder Brian Edwards piloted his 1943 Tiger Moth Matilda across the world from England to Australia in one of the epic solo flights in the annals of aviation and an epic journey for charity. Each wine has a signature of the harmonious balance attained in the vineyard, and that harmony is continued in the winery through gentle processing, careful selection of oak, and meticulous attention to detail.

Walsh & Sons

It's all in the family - A thriving social and energetic family life inspired partners Ryan Walsh & Freya Hohnen to create a wine brand that intermingles with their family. They use low intervention winemaking techniques which aim to make expressive styles that are fun, youthful and different to the mainstream.

Swings & Roundabouts

We grow great fruit and make great wine. There are judgements in the vineyard and art in the winery that ultimately determine the character of what we drink. Our name celebrates the creative and skilled balancing act performed by nature and our winemakers to develop the individuality and quality of what is in each bottle.
