WINES

MARGARET RIVER WINE REGION

Surrounded by ocean on three sides, the pristine and geographically isolated environment ensures that every wine is special but not one is the same. Sustainability and innovation is a core focus for many of the region's wineries. Showcase the amazing location of your wedding venue by pairing with some of our top local wineries.

It's all in the family - A thriving social and energetic family life inspired partners Ryan Walsh & Freya Hohnen to create a wine brand that intermingles with their family. They use low intervention winemaking techniques which aim to make expressive styles that are fun, youthful and different to the mainstream.

We grow great fruit and make great wine. There are judgements in the vineyard and art in the winery that ultimately determine the character of what we drink. Our name celebrates the creative and skilled balancing act performed by nature and our winemakers to develop the individuality and quality of what is in each bottle.

A photograph of an outdoor lounge area on a beach deck. In the foreground, there is a large, light-colored sofa with several patterned and solid-colored cushions. In front of the sofa is a round, low coffee table with a lattice design. To the right of the coffee table are two large, round, woven side tables and a tufted ottoman. The deck is paved with large, light-colored tiles. In the background, there is a wooden railing and a view of the ocean under a clear sky. String lights are visible hanging from the ceiling of the deck.
